

## Monster Mirror

A plan to keep evil from spilling out into the world is tested... In a world where terrifying creatures roam the night, all seventeen-year-old Mia wants is a quiet summer in safe, supernatural-free Cape Livingston. After a wrong turn into an unknown area, she learns the Cape isn't as predictable as expected. Mia must protect herself from the paranormal world ready to destroy her life by using everything she's learned from the horror movies she watches. Will her training be enough to tip the scale in her favor? Will her choice between the boy she loves or the boy determined to deliver her as a Swap be the right one? Is her future with the Monster Mirror inevitable?
