

## Techniques in Hip Arthroscopy and Joint Preservation: Expert Consult

Techniques in Hip Arthroscopy and Joint Preservation Surgery is a stunning visual guide to the latest developments in the field. Drs. Jon K. Sekiya, Marc Safran, and Anil S. Ranawat, and Michael Leunig provide a step-by-step, balanced approach with contributions from an array of North American and international surgeons to pre-operative planning, surgical technique, technical pearls, management of complications, and post-operative rehabilitation. Surgical videos online demonstrate techniques such as surgical hip dislocation for femoroacetabular impingement and arthroscopic femoral osteoplasty so you can provide your patients with the best possible outcomes. Access the fully searchable text online at [www.expertconsult.com](http://www.expertconsult.com), along with a video library of surgical procedures. Grasp the visual nuances of each technique through full-color surgical illustrations and intraoperative photographs. Watch expert surgeons perform cutting edge procedures such as complex therapeutic hip arthroscopy using a femoral distractor, arthroscopic synovectomy and treatment of synovial disorders, surgical hip dislocation for femoroacetabular impingement, and arthroscopic femoral osteoplasty online at [www.expertconsult.com](http://www.expertconsult.com). Find information quickly and easily thanks to the consistent chapter format that includes technical pearls.
