

Loose Leaf for Theories of Personality with Connect Access Card

The 8th edition of Theories of Personality follows in the tradition of the previous versions by centering on the premise that personality theories are a reflection of the unique cultural background, family experiences, personalities, and professional training of their originators. The text begins by acquainting students with the meaning of personality and providing them with a solid foundation for understanding the nature of theory, as well as its crucial contributions to science. The chapters that follow present 23 major theories. Coverage of each theory also encompasses a biographical sketch of each theorist, related research, and applications to real life. McGraw-Hill Connect is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following: SmartBook - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content. Access to your instructors homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course. Progress dashboards that quickly show how you are performing on your assignments and tips for improvement. The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping. Complete system requirements to use Connect can be found here: <http://www.mheducation.com/highered/platforms/connect/training-support-students.html>
